30 hours Scientific CPD

THIS COURSE IS
PROUDLY SPONSORED BY

This course comprises a combination of didactic and practical work incorporating supported clinical experience and small group work. It also includes placement in private orthodontic practices which utilise a dental hygienist or therapist prior to commencement and on completion of treatment. Practice placements will be established by the convenors prior to the course or may be negotiated with the participants.

This program contains all the elements of the Diploma of Oral Health Therapy undergraduate program in orthodontics and the orthodontic competencies defined for Dental Hygienists by the ACTRAC registered program and is designed to meet the needs of the Dental Practice Board of Victoria's Codes of Practice for Dental Auxiliaries.

AIMS

To develop basic orthodontic skills in dental therapists and hygienists that will meet the needs of orthodontic practice and the standards required by the Dental Practice Board of Victoria.

OBJECTIVES

To provide a course of education and training that will enable dental therapists and hygienists to assist an orthodontist in the provision of treatment and preventive services.

LEARNING OUTCOMES

Upon completion of this course, participating dental therapists and hygienists should be able to:

- discuss the role of the Dental Hygienist or Therapist in an orthodontic practice and the Codes of Practice governing their work;
- identify centric occlusions, centric relations and malocclusions, and describe the causes of malocclusion
- discuss the rationale for orthodontic treatment
- explain the indications and contraindications for orthodontic treatment
- describe the stages involved in fixed and removable orthodontic therapy
- identify and name instruments and equipment used in orthodontic procedures including:
 - different banding techniques including, for example, Edgewise and Begg systems
 - the bands, brackets and attachments required for each banding technique
 - removable appliances used during orthodontic treatment

- demonstrate a basic ability to:
 - appropriately use orthodontic instruments and equipment
 - take impressions for orthodontic purposes
 - remove brackets, bands archwires, modules, ligature wire, power chain and thread, coil springs, elastic, separating elastics
 - place and fix arch wires
 - select and prepare bands for cementation
 - re-cement loose bands
 - remove orthodontic cement and materials after band and bracket removal using an ultrasonic scaler, power driven handpiece and/or orthodontic pliers
- identify the information required by patients undergoing orthodontic treatment
- demonstrate the ability to:
 - provide patients with accurate information relating to the care and maintenance of teeth and fixed and/or removable appliances
 - promote the oral health of patients undergoing orthodontic treatment
 - identify and refer conditions requiring management by an orthodontist or other dental professional

Pre-reading material will be supplied including refresher material on occlusion and malocclusion and their classifications

VENUE AND LOCATION OF 2010 COURSES

All courses will be held in the Melbourne Dental School, University of Melbourne, 720 Swanston Street, Carlton. Participants will be notified of room allocations well in advance of the course date.

PAYMENT OF COURSE FEES

Applications for registration must be accompanied by payment and can be made by fax or mail with credit card details (name, expiration date, amount of payment & card holder's signature) or by cheque which should be made payable to 'The University of Melbourne'. Please note that the University does not accept American Express, Diners Club or debit cards.

- A minimum deposit of half the full course fee must be paid to secure your position. However, we prefer full payment of the course fee upon application. Courses listed as \$400 or less must be paid in full upon application.
- Confirmation of your registration will be sent to you with a receipt for your payment. Two weeks prior to the course date, you will receive a written reminder of your enrolment, the course location and other details. Any outstanding fee **must** be paid at this time.
- The course fee provides for your registration, use of dental equipment as specified, incidental materials and all meals and refreshments during the day.
- Please note the 'Registration Limit' for each course. As our practice is to run small groups that allow greater interaction with presenters and colleagues, we strongly recommend that you submit an application for your preferred course(s) as early as possible.
- All courses will have a waiting list to which we are happy to add your name. No payment is required for this service and should a place become available, you will be contacted and offered a place. Full payment is required upon acceptance of the place. Please note that waiting lists are not carried over from year to year.

We recommend that participants contact the CPD Office if confirmation of your enrolment is not received within 7 working days after your application.

CANCELLATIONS

If you cancel your registration, you must inform the Continuing Professional Development Office as soon as possible so that your place can be offered to another applicant. If you are able to nominate a colleague to take your place, we would be very happy for this to happen.

Refunds following cancellation are as follows:

- a \$50 cancellation fee will be charged for all course cancellations made more than 6 weeks prior to the course commencement date
- cancellations made less than six weeks prior to the course will be offered a 50% refund
- cancellations made less than one week prior to the course or failure to attend receive NO refund

GST

All course fees include 10% GST in the total cost. For your tax purposes, upon payment, your receipt will show the GST amount. All receipts list the University ABN 84 002 705 224

CERTIFICATE OF ATTENDANCE

The Melbourne Dental School is an approved Educational Activity Provider (EAP) under the Dental Practice Board of Victoria's Code of Practice on CPD. All our CPD programs offer scientific/clinical credits based on their duration in hours and minutes. A Certificate of Attendance will be presented to each participant at the end of the course.

PLEASE NOTE THE CPD OFFICE DOES NOT SUBMIT ATTENDANCE SHEETS TO THE DENTAL PRACTICE BOARD.

The mandatory CPD scheme, as implemented by the Board, is self-regulatory. It is the responsibility of each participant to track the hours accrued by attending University courses on their log sheet for the current cycle.

REGISTRATIONS & PAYMENTS WILL NOT BE ACCEPTED OVER THE PHONE.
